A Photo Contest

Maine Publicity Bureau To Offer Cash Prizes In Three Zones

The Penobscot Bay region of the Maine Publicity Bureau is running an amateur photo contest, covering three areas, viz: Thomaston-Rockland, Belfast-Bucksport and Camden-Lincolnville. Three prizes, \$5, \$3 and \$2 will be awarded in each area.

Rules
The contest is open to all amateurs.

Pictures to be of scenery and action in any of the three areas. You may enter pictures of all three areas and as many pictures as you wish.

Pictures to be considered must be accompanied by the negative, and become the property of the Penobscot Bay Region.

Send all entries and communications to John M. Pomeroy, president of Penobscot Bay Region, Maine Publicity Bureau, 172 Broadway, Rockland. Be sure your permanent address is enclosed.

The contest closes Sept. 15, 1939. Competent judges will select the winning entries and their decision will be final.

COAST PATROL IS GOING

Let-Up In Smuggling Assigned As Reason—Smith Expresses His Feelings

The uneasy rumors which have prevailed in regard to the removal of the Maine Inshore Patrol to Southwest Harbor were apparently not without foundation. Unless the intervention of Congressional members bears fruit the transfer

Congressman Smith

will take place. The following exchange of correspondence tells the story in a nutshell:

(Admiral R. R. Waesche to Representative Clyde H. Smith):

In accordance with your request by telephone yesterday relative to proposed changes at Rockland, Maine, made necessary by reason of the consolidation of the Lighthouse Service with the Coast Guard under the President's Reorganization Plan No. 11, you are advised that the patrol boats now at Rockland will be transferred to the Lighthouse Depot at Southwest Harbor, Maine, and that probably some of these boats will be assigned to other duty in the District.

This change has been decided on because of decreased smuggling activity along the Maine Coast and is in the interests both of economy and efficiency. The consolidated duties of the service require a reallocation of both Lighthouse and Coast Guard personnel in order to achieve the purpose of the Reorganization Plan and the transfers necessary at Rockland are a part of the re-organization of the Boston

District in pursuance of these objectives.

(Representative Clyde H. Smith to Admiral R. R. Waesche):

It is to be regretted that when an assistant in your department advises a member in Congress that he will give full notice before making a transfer of the Rockland Coast Guard base that we cannot depend upon such statements.

Certainly your Mr. Bruin whom you directed me to interview made such a promise to me and accordingly I advised my constituents in Rockland.

More and more I conclude that it is useless for Congressmen to contact the departments and I am very much disappointed to be obliged to apologize to the citizens of Rockland.

Those who have made a study of moving the Coast Guard from Rockland all agree that it is taking away from the center of operations where patrol boats are used and I am wondering if the analysis of the situation has been carefully studied

Beware Of Ragweed

Survey In Five Sections and What Was Found In the Rockland Area

One hears a great deal about hay fever these days and many communities are seeking to eradicate ragweed which seems to be the goat in the matter.

The Camden Chamber of Commerce was asked about hay fever relief in that town and gave the following reply:

"The local medical profession was consulted and we were referred to the official report by Dr. Charles B. Sylvester of Portland, who is the allergist in charge of the Bureau of Health for the State of Maine. A survey of ragweed pollen in 1938 was made. In five different sections of Maine, Rockland serving for the Penobscot Bay area. At Houlton the count was lowest, at Speckle Mountain, northwest of Bethel, the pollen count was second lowest. Rockland came next, and Rangeley and Poland Spring were the two highest. The general report is that this section is not free of ragweed pollen, and that there are cases here, but not as many as in some other parts of Maine—for example, the Rangeley and Poland Spring sections.

"The report goes on to say, 'Ragweed air pollution is an increasing danger to the allergic inhabitants of the State, and a menace to the tourist travel business. We reaffirm our conviction that ragweed can be destroyed and should be destroyed in Maine. All the splendid public spirit of garden clubs, service clubs and village improvement associations should be co-ordinated, and should lead up to a State-wide elimination of this pest.

"Most soils, if not made to produce crops, will produce ragweed; it is evident that soils, like human beings, should be kept busy. The increase of ragweed hayfever in the United States results from more denuded soil—Nature demands that land be clothed. If we do not like

JACK GARNER'S FRIENDS

John Nance Garner, vice president of the United States, may be "a labor-baiting, poker-playing, whiskey-drinking, evil old man," as charged by John L. Lewis, the C.I.O. leader, but his fellow townsmen in the Lone Star State don't think so, and the House of Representatives was pretty nearly 100 percent in defense of Garner, when it learned of the charge made by Lewis in committee hearing at Washington Thursday. "I am against him officially, individually and personally, concretely, and in the abstract," said Lewis, "when his knife searches for the heart of my people. I am against him in 1939 and I will be against him in 1940 when he seeks the presidency of the United States. And I say to Mr. Garner and I say to the people of the United States that he will never achieve the presidency of this republic by baiting labor and seeking to deceive Americans." The demonstration for Garner, following the labor leader's utterances, was one of the greatest the House has ever seen.

BOOST FOR BOY SCOUTS

Columns of praise have been deservedly written for the Boy Scouts of America, but they pale into insignificance beside the wonderful boost which Donn Fendler has given that organization. The 12-year-old boy lost on Mt. Katahdin, and vainly sought for nine days by authorities and citizens, is alive and happy today because of the lessons he learned as a Boy Scout. Adult men have been known to become victims of insanity when faced with a situation like that, but Donn Fendler accepted the dreary and hopeless days as they came, fortified in their most trying moments through his knowledge of scoutcraft and his faith in prayer. Small wonder that the national Scout organization is going to incorporate his experience into a far-reaching program.

MAINE CENTRAL ON UP GRADE

A year ago the Maine Central Railroad had a June deficit of \$39,632 as against a surplus of \$56,600 this year, and that in spite of increased operating expenses. A casual examination of the figures shows that while passenger revenue gained slightly, it was in reality freight revenue that has enabled the gratifying showing.

WILL THEY TALK POLITICS?

It is something of a coincidence that James A. Farley, chairman of the Democratic National Committee, and John D. M. Hamilton, chairman of the Republican National Committee, should go abroad at the same time on the same boat. A Herald Tribune picture shows them shaking hands and each wearing a happy smile. Just how confidential will they become, and will Jim Farley unbosom himself to the extent of saying whether he or President Roosevelt is to be the Democratic standard bearer in the campaign of 1940?

"STRANGE WHAT'S WRITTEN"

(New York Sun)

"Gosh, isn't it strange what's written!"—President Roosevelt to the reporters at Hyde Park.

Gosh, yes! We remember some things that were not only written but emphatically spoken.

"Let us have the courage to stop borrowing to meet continuing deficits. Stop the deficits." (1932).

"We are attempting too many functions. We need to simplify what the Federal government is giving to the people." (1932).

"I propose to use this position of high responsibility to discuss up and down the country, at all seasons and at all times, the duty of reducing taxes." (1932).

"The prevailing rate of recovery points to the speedy decline of Federal expenditures for emergency activities." (1935).

"The Federal government must and shall quit this business of relief." (1935).

"We are coming back more soundly than ever before because we are planning it that way. Don't let anybody tell you differently." (1935).

Gosh, no! There is no prize for guessing who said these strange things.

Several guest musicians are to be at the First Baptist Church on Sunday. The organist for the day will be Lorimer Dixon who is treasurer of the United Baptist Convention of Maine. The morning soloist will be Mrs. Gladys Helstad. Miss Lotte McLaughlin will sing at the evening service.

her choice of weeds, we may select our own. Let land revert to forest which kills out ragweed, or cultivate intensively. Waste means weeds and hayfever."

A Missing Negro

Edgar Jenkins, Employed At Bancroft School, Last Seen On Tillson Ave.

The sheriff's department was notified yesterday that Edgar Jenkins, 30, a colored employee of the Bancroft School at Owl's Head is missing. He was last seen late on the night of July 18, walking down Tillson avenue.

It was thought that he might have gone to his home in Philadelphia, but the proprietors of the school learned yesterday that he had not been seen there, so the matter was taken up with Sheriff Ludwick Jenkins, who is described as "good looking," weighs 140 pounds, is 5 feet 10 inches tall, wore a light coat, brown pantaloons and tan shoes.

VISITORS FROM DENMARK

Two Charming Girls, On a Good Will Tour, Guests At Mrs. Ellingwood's

One seldom meets two such charming persons as the Scandinavian girls, from Denmark, who were interviewed Wednesday morning at the home of Dr. and Mrs. William Ellingwood, where they are guests.

They are Miss Louise Michaelson and Miss Bertie Vollmond, 16 and 18 years of age, who came to this country on the Polish boat, Pilsudski, on a good will tour, and will spend two weeks in this city.

Alert, petite, and possessing delightful personalities, Miss Louise (blond) and Miss Bertie (brunette) told of their impressions of America, in comparison to their own country.

Dressed in cool summer frocks of truly American fashion, they resembled our own girls of that age. Both had long bobs, their "hair-dos" being similar to styles in this country. They conversed in fluent English with just a trace of accent which was most fascinating.

When asked what impressed them greatly at the time of their first landing in New York, they responded in one voice, "the skyscrapers!"

The "many kind people" they had met seemed unusual, the consideration shown in eating places, where they were asked if "everything was all right" was keenly appreciated, and the display of lovely motor cars on the highway will always be remembered.

The immaculate city of Washington, D. C., was very much admired, and while in Philadelphia they were thrilled at Grand Opera (Aida) when the orchestras and bands were a marvel.

The hustle and bustle of New York was a sharp contrast to travel in Denmark, where motor cars (and there are not a great many) must obey traffic laws of 30 miles an hour, and bicycles are a favorite mode of transportation. There, one

must be 18 years of age to receive a driver's license.

It was interesting to learn that tandems are used a great deal, the "chaffeur bicycle" having seats enough for the whole family to go on an outing.

The visitors enjoyed the large cities with their excellent movies, and the air conditioned trains proved a real novelty.

Another great attraction is the five and ten cent store (the first they have ever seen). The markets in Rockland are quite different from those of Denmark, where carts are in lines on certain streets for this purpose and are tended by the older women.

The young women are eagerly looking forward to a pleasant visit of sight seeing, new customs, making friends and many other experiences.

As the interview came to a close, the guests were about to leave with their hosts for luncheon in some rural district, and with a graceful courtesy they said "the people in Pennsylvania envied us our trip to Maine."

The exchange visit of different groups of girls and boys from different countries, was originated 13 years ago by Dr. Sven Knudsen. During that time, 1100 American boys and girls have visited Denmark, and 200 from that country have visited the United States.

A correspondence between 400,000 boys and girls in 93 different countries, has been brought about, and usually lasts about three years.

Dr. and Mrs. Knudsen, who make their home in Denmark, accompany the groups to and from both countries, the individual being recommended by the headmaster in private and public schools.—by Leola P. Noyes.

YOUR FAVORITE POEM

DOG MISTAKEN

The house is silent, and you crouch—Without permission—on the couch—Your tail is still, your eyes are closing—In fact, you're on the point of dozing—But suddenly you start and bristle—Behind the kitchen door a rustle—Alarms you, like the stealthy sound—Of someone tiptoeing around—You're off the couch in half a shake—From snout to tail, you're wide awake—Your whiskers quiver as you growl—With gleaming fangs and vicious howl—You rush along the passage—Woe Betide, you think, the thieving foot!

The door is opened, and at once You feel yourself a foolish dunce—You meekly fawn and whine and squim—Your ego grovels with the worm—Your tail is wagged ever faster—Apologizing to your master!

With the Donn Fendler story happily off the front page what will replace it to capture the readers' fancy? The planet Mars will do for a few days.

The official register of the New York World's Fair should be priceless to autograph collectors by the time the World of Tomorrow becomes the Fair of Yesterday. Already the register carries the autographs of Kings, Presidents, princes, ambassadors, and countless other important international figures.

Which do you call it, "drought" or "drouth"? Webster gives it both ways, but if you use the former style the word is pronounced "drouth," and the latter word is pronounced just as it is spelled. We favor the word "drouth."

In spite of the fact that cars from all other States in the Union have already visited Rockland this year we all watch the number plates from force of habit. I confess to being most intrigued by the Tennessee plate because of its odd shape. And I think I like the Florida colors best. There's no mistaking a Tennessee or a Florida car.

Flickering hopes that the World Series will be played in Boston inspire local fans who tune in daily on the Frankie Frisch broadcast. The chances are about five to one against such an outcome but it does no harm to wish. Meantime the backers of Cincinnati in the National League see no immediate cause for alarm.

Our Warren correspondent writes: "Enio Leino, local clothier, received notice from a Portland firm a few days ago that an order of Laino's dated Nov. 6, 1935 had just been received and since it was a little late, they thought he probably did not want the order filled."

And now they say that the European corn-borer is tackling dahlias. Spouse they have to keep busy some way, but we all wish they would remain in Europe.

Lewiston Journal: "Hancock County is telling Japanese beetles to vamoose! The State authorities are on their track." But do they ever find any?

Several startled citizens have rushed into The Courier-Gazette office this week reporting that they saw an Iowa car numbered 7,717,008. The office very much doubted that Iowa had seven million cars, and it remained for Supt. A. F. McAlary to solve the mystery. He asked the owner of the car and found that the number plate really reads 77-17008. The figures 77 indicate Polk County, for on all Iowa cars the figures before the dash designate the county.

Strangers in the city frequently call at this office for information as to where they can get "a good shore dinner." There are many such summer resorts in this section and the information is gladly given, with the reminder also that the local eating establishments give good satisfaction in the line. "Why don't such places advertise more?" a woman exclaimed rather impatiently yesterday.

Baseball lovers are reminded that the Twilight League season has only a little more than a month to go; also that a fine calibre of ball is being played by our unsalaried amateurs, who work all day and play for sports' sake. The softball players are also regretting the rapidly shortening season.

A HALF CENTURY OF SERVICE

Fifty-one years ago we commenced to serve people in this locality who desired to own their homes, and the business has been a success through all this time. There are a few simple reasons for this success.

We make loans only on real estate. We charge only 6 percent interest. The expenses of making a loan with us are small, only the cost of looking up title and making and recording papers.

No commission or bonuses. Small monthly payments, about the same as rent, cover all charges and pay off the loan in 139 months. You want a home. We are ready to help you get it.

The National Game

First Played For Money 76 Years Ago—Some Surprising Figures

While historians and pseudo historians are quarrelling over the origin of baseball, statisticians reveal staggering figures on the economic side of the game. Old and young, big and little, male and female—baseball is of interest to all of them. Either as players or spectators. So strongly has the game caught the fancy of the country that there seems to be something lacking in the man who cannot catch or throw a ball with some semblance of grace, and in a woman who has not stood on the sidelines, become sun-baked in the bleachers, or sipped "pop" in the cool of a grand-stand.

First "Money Game" 76 Years Ago

"Baseball's contemporary hall of fame met in Cooperstown, New York, to celebrate a century of the national game; but baseball for dollars did not arrive until 76 years ago on a field in Brooklyn, New York, when the first commercial game was played," says a bulletin from the Washington, D. S. headquarters of the National Geographic Society.

"Out of that game has grown a multi-million dollar business. Compare, for instance, the open fields and the later board fence enclosures where the early game was played, with the gigantic baseball stadia of steel and cement now in every large city. The American League plants alone, not including the value of franchises, are valued at \$20,000,000 and that figure does not include the \$4,000,000 municipally-owned stadium used by the Cleveland American League team. The Yankee Stadium in New York was the most costly, topping the Cleveland plant by \$1,000,000.

"Like any other business enterprise, baseball has its ups and downs. Attendance figures do not remain stable from year to year. For instance, the largest number of spectators at a single game did not assemble this year or last year, but in 1932 when 73,592 attended a game in Cleveland. Last year, however, was a banner year for spectators at a double-header when 65,421 people packed the New York Yankees' stadium. This attendance was in striking contrast to the 'gate' at the first commercial game which was witnessed by 1,500 spectators.

\$250,000 for a Player

"In the early days of baseball clubs, members were required to be in good standing for a month before they could play. Today a player may be literally bought and sold and may then play on a new team immediately after he is acquired. The record price paid for a player in all the history of baseball is \$250,000. Players sold by one club to another are not guaranteed the same salary by the purchasing club. This may seem a bit anomalous in a democracy, but a saving provision is that a player may quit a club (and professional baseball) if his contract is unsatisfactory to him. By the 'waiver' route a player, no longer prized by his team, may be put up for sale to any other team that will claim him for \$7500.

"The cost of running even an average big league team would amaze the throng passing through the turnstiles at any ball yard. The salaries alone of players and employees, numbering about 300 when a team is at home, amount to about a quarter of a million dollars for the season. Then there are additional expenses of about another quarter million. This latter figure includes such items as six dozen baseballs for each of the 77 games at home and two dozen for an equal number of games away. Four dozen balls at a home game are for use of the umpire, the remaining two dozen for practice.

"Each player has four uniforms, and uses about eight bats and two gloves a season. Infielders who play on the skinned diamond runways wear out four pairs of shoes, and outfielders wear out three. Four sets of base bags and four plates for the pitcher's box and 'bull pens' are used each year. While the team management furnishes the other equipment, players must provide their own gloves and shoes.

"In 1937 nearly 3,000,000 bats, 23,000 masks, and 800,000 gloves were manufactured to keep up with the demands of baseball. And manufacturers made more than 7,000,000 baseballs. Covers for the balls are still handmade in spite of other modern developments in the manufacture of baseball equipment. Horsehide covers largely come from Europe and many balls find their way back to the countries where they were made. The 'dobbins' that gave up their skins that baseball fans

Annual Field Day Of Waldo County Fish and Game Association

Sunday, Aug. 13, at the Curtis Farms, Swanville, will be staged the annual field day of the Waldo County Fish and Game Association. This will be the ninth annual outing of the Association and its friends. These affairs have been growing in popularity by leaps and bounds. Last year there were between 2000 and 3000 people there along with several hundred children. This association firmly believes in the youth of this country and each year provides additional contests and games with suitable prizes to which only boys and girls are eligible contestants.

There will be trap shooting, rifle shooting, fly and bait casting exhibitions, swimming events, tub races, canoe races, log rolling, canoe tilting and many other contests, both thrilling and entertaining. Events are scheduled to begin at 10 a. m. and continue throughout the day. There will be a refreshment stand selling frankfurts, cold drinks and ice cream, a seaplane to take the air-minded guests for sky rides and many other attractions.—Belfast Journal.

Talk—Making picnics easy for mother. Athelene Robinson, Warren; Bernice Carroll, Union.

Surprise feature—Jameson family. Discussion by Sisters—Nutritious picnic dinners easy to prepare.

Slogan Contest. Recitation—Ada Lucas, Union. Reading—Nettie Copeland, South Warren.

Music—W. F. Bryant, Union. Discussion—Brothers—Traffic Laws—how we would improve them.

UNION

Mrs. Charles Shepard, who has been guest of Mr. and Mrs. Frank Collins in Damariscotta Mills since last Sunday, has received word of the death of her only sister, Mrs. Abbe Macomber of North Platte, Neb., who died July 20 at the age of 88. Mrs. Macomber is a daughter of the late H. H. Hemenway of West Camden. She is survived by a large family of children, grandchildren, one sister, and several nieces and nephews in Maine and Massachusetts.

COURIER-GAZETTE WANT ADS WORK WONDERS

might enjoy the game! One baseball manufacturer whose plant averages about 600 dozen balls a day, ships them to every State and 11 foreign countries. In Mexico, Cuba and Japan, the game now is one of the leading sports.

"The first amateur association of baseball clubs was organized in 1857 and the first series of games was played the next year between teams from New York and Brooklyn at Flushing, N. Y., near the present World's Fair Grounds.

"The first intercollegiate game was played July 1, 1859, when Amherst College defeated Williams College at Pittsfield, Mass. The score was 73 to 32—large figures compared with scores of today, but in those days scores of more than 100 were not uncommon.

"The Amherst-Williams game, compared with baseball as it is played on modern diamonds, presents many contrasts. The balls were smaller than those used now—crude leather-covered spheres with metallic centers wrapped in yarn. The game was planned to last until one team made 65 runs, but it continued anyway for four hours or 26 innings. No gloves, masks or other protectors were used. The only 'uniform' was a belt worn by Williams' players with their collegiate insignia. There were no foul balls, and runners could be put out between bases by being 'spotted' (struck by a thrown ball).

"Every large city in the United States has a dozen or more baseball clubs. Nearly every college has a varsity team. In rural communities baseball is a favored pastime. Six million spectators have witnessed American League games alone in one year. Add to that the turnstile figures of the National League and scores of lesser leagues, college game spectators, and the fan line at thousands of free amateur 'sandlot' games and you will arrive at a figure that may almost equal the population of the United States.

Old-time fans are awakening to

the fact that some classy baseball is

The N. Y. A. Girls

Have All-Day Picnic In

Portland and Saco—A

Visit To "Montpelier"

Monday the N.Y.A. Girls, Mrs.

John Smith Fogg, acting as chap-

erone, had an all-day outing in

Portland and Saco. At noon a pic-

nic lunch was enjoyed, under the

plum, on the grounds of the State

of Maine Industries, Inc., after

which followed inspection of the

New Craft Building and the work

of the Maine Craftworkers Out-

standing was the power work by

Allen and the weaving by Peggy

Goodwin (Mrs. Vincent Goodwin),

New York artist.

At 2 o'clock the girls and their

chaperone attended a broadcast at

the Columbia Hotel. Station WGAN.

Wednesday afternoon through the

intercession of Mrs. Helen Hyde

Carlson, chaplain of Lady Knox

Chapter, D.A.R., and the kindness

of Mrs. Carl Snow, president of the

Knox Memorial Association. The

N.Y.A. Girls, Mrs. Fogg chaperone,

visited Montpelier, replica of the

home of Gen. Henry Knox, and the

inexhaustible treasure-house of

Knox and his times.

It is a rare privilege to be shown

through the Knox Mansion with

Mrs. Anne F. Snow acting as guide.

Mrs. Snow gave nearly two hours of

her time in reviewing and telling,

as she alone can tell with many an

anecdote, the recondite history of

the things of the house of Knox.

The Knox Gift Shop

The trip through the gift shop,

Mrs. Carl Snow as guide, was a re-

velation in itself. Besides the fine ex-

amples of hooked and braided rugs,

there was the lesser-known but-

ton rug of our grandmother's day.

Aurora Lodge, F.A.M. will meet Wednesday night, with work on the Fellowship degree.

Miss Eleanor S. Tibbels, who has been employed in Augusta, will take up her new duties in Ensign Oaks law office Monday.

The Sukeforth house at 21 Cedar street has been sold by the L. A. Thurston real estate agency to Carroll Merrill, who is having extensive alterations made before occupying it.

The date of the annual summer concert at the Warren Congregational Church has been changed from Aug. 17 to Friday, Aug. 18, the change made not to conflict with the Legion Fair in Thomaston. Chester O. Wyllie who is directing the concert as in previous years is slowly whipping his program into shape and will shortly be ready to announce artists, assisting chorus singers, and special features. Already the announcement is made that Francis Havener, talented young Rockland baritone, recently home from his second year of study with Frank Bibb at the Peabody Institute of Music, will be heard in a group of solos; also that Miss Beatrice Haskell, a gifted Warren girl will present violin solos. Miss Haskell whose early studies with a pupil of Mme. Lea Luboshutz have been augmented by three years study with Emmanuel Ondrick in Boston and additional work in piano, harmony, etc., at the New England Conservatory of Music, has made a brilliant record in the art she has chosen for her profession, and her appearance at this concert is anticipated with keen pleasure. Frank Young, well known local cornetist, will be heard in a trumpet duet with his niece, Miss Dorothy Young of Haddonfield, N. J. The Knox County Men's Chorus, directed by its own founder and leader, S. T. Constantine, will present two groups, and the church choir and assisting singers will give two selections. From the foregoing it can be readily seen that the high standard set in previous years will be met, if not surpassed. No tickets will be on sale, but a silver collection will be taken. Remember the date, Friday, Aug. 18.

RESOLUTIONS OF RESPECT
 WHEREAS Mrs. Edwin U. Curtis has been called home by our Heavenly Father, and the Knox Memorial Association has met with the loss of one who has been most interested in Montpelier and the work of this Association; and manifesting her interest by giving financial aid to the maintenance of Montpelier and its improvement.
 Therefore, BE IT RESOLVED that the Knox Memorial Association at its annual meeting hereby expresses its deep regret at the passing of Mrs. Curtis, and extends its deep sympathy to the members of her family.

AN APPRECIATION
 My personal thanks are extended to the many friends and customers who have done business with me during the 23 years that the store of the Great Atlantic and Pacific Tea Co. has been located in this town under my management. The relations between the store and the public have been most pleasant and I deeply regret that in line with its present policy the Company will no longer have a store in this town.

Regular meeting of Rockland Lodge of Masons, Tuesday at 7:30 p. m.

Mr. Leonard has corn and cucumbers at the city farm for his own use. He expects to market them in a few days.

The Camden Shells take on the Belgrade Panthers at Camden Sunday afternoon at 3 o'clock. The Rockland Pirates play the Vinalhaven Chiefs at Vinalhaven. Both teams will know they have been in a fight.

An important feature of Miss Margaret McKnight's work this summer is visiting homes in which there are young children. This is in line with the recognition by the Knox County Association for Rural Religious Education of the great value of early religious education.

Manager Dondis is handing out a couple of very good features at Strand Theatre the coming week, Sunday, Monday and Tuesday, "Second Fiddle," with Sonja Henie, Tyrone Power and Rudy Vallee; Wednesday, Thursday and Friday, "Andy Hardy Gets Spring Fever," featuring Mickey Rooney and Lewis Stone.

Luke S. Davis probably knows more about bicycles than any other man in Rockland. Resigned as city marshal because he couldn't bring himself to the point of abandoning his bicycle repair shop. Has a machine which he has used for nearly 30 years, and on which he has traveled so many miles nobody would believe it.

The Red Jacket Sea Scouts, sponsored by the Rockland Lions Club spent a couple of days at Sheep Island this week. The explorers were Richard Spear, Miles Sawyer, Henry Moorland and Paul Trahan. Artificial respiration, marching and maneuvering engaged the troop's attention at last night's meeting, with Lieut. J. M. Rossnagel as instructor.

IN MEMORIAM

In loving memory of our little boy, Albert E. Grover, Jr., who drowned July 30, 1935.

Four lonely years have passed
 Since our loved one went in rest.
 Still in our hearts we mourn our loss
 Of him we loved so well.

His father and mother, Mr. and Mrs. Albert Grover.

CARD OF APPRECIATION

I wish to extend my sincere, heartfelt appreciation to Joseph Anastasio for his courage and prompt action in saving the life of my grandson, Donald Clifford.

Mrs. Bert Clifford

CARD OF THANKS

We wish to extend our heartfelt thanks to our neighbors and friends for the many kindnesses and the floral tributes sent during the illness and death of our dear father. Also we wish to express our appreciation to Lettie Good for her kindness and deep respect.

Mr. and Mrs. Joseph T. Ludwig, Mr. and Mrs. George A. Ludwig, Mr. and Mrs. E. O. Ludwig, Mr. and Mrs. Arthur Ludwig and Mr. and Mrs. Everett Humphrey.

Knox Aerie of Eagles expects three candidates at Tuesday night's meeting.

An informal meeting on Home Service will be held Aug. 2 at 7:30 in the Chamber of Commerce with Miss Beulah Bussell of the American National Red Cross of Washington. All interested people are invited to attend. Miss Bussell will discuss problems of veterans and their families and be glad to answer any questions and assist in every way.

Typical of the valuable work done by the Red Cross nurses was the case of the family which recently came to this city from a neighboring town. A State nurse had heard that two of the children were afflicted with tuberculosis and passed the word on to Miss Eliza J. Steele, who immediately caused an x-ray and physical examination. The two girls are now receiving treatment at the Fairfield Sanatorium.

Pleasant Valley Grange will meet Tuesday night at 8 o'clock when all business matters will be taken care of until Sept. 5 and regular sessions begin. This Grange will be held at an all day field meeting to be held at Oakland Park Saturday, Aug. 12. Picnic dinner. Coffee will be served free, all taking their own dishes. If stormy, plans are to hold this event at the Grange hall. All Grangers, their families and guests are cordially invited to attend this picnic.

Great interest is manifest in tomorrow's game between the Rockland Pirates and the Vinalhaven Chiefs at Vinalhaven. A special low excursion rate is offered on the steamer W. S. White which leaves Tillson's Wharf at 9 o'clock, daylight time. There are several good eating places on the island, names of which can be obtained from the purser. No less a person than E. B. Rideout has promised fair weather tomorrow and Frank Winchenbach personally guarantees war to the teeth as far as baseball goes, so "All Aboard!"

"Ragweed pulling week," sponsored by the Rockland Garden Club, July 31-Aug. 7, will occupy the attention of those in our city who wish to reduce the cause of suffering to hay-fever victims. The public is asked to remove the obnoxious weeds from private property—ditches, lawns. Posters of the week and samples of the ragweed will be placed in the following stores: J. H. Crie Co., Crie Hardware Co., J. A. Jameson Co., McCarty's Drug Store, and Silsby's Flower Shop to acquaint the public with the pest. Go to one of the stores, look at ragweed and pull because from Aug. 8 and the following six weeks the days are bitter for hay fever sufferers.

The Rotarians yesterday heard many interesting things about the Cleveland convention as told by Past President Louis A. Walker. Mouths watered as they heard of the meetings soon to be held in Round Pond and Union, as guests of Dr. John Smith Lowe and Ben Nichols, respectively. George E. Mansfield of Union was admitted to membership, being welcomed by President Lowe. Dr. Harold Jameson led the singing. Visiting Rotarians were S. E. Jolly, New York; George D. R. Durke, and E. E. Phillips, Swampscott, Mass.; C. H. Jameson, Camden; John Brewer and Bill Cullen, Lewiston-Auburn; R. Percy Schenck, Jersey City, N. J.; Asbury Pitman, Belfast; Delbert O. Fuller, Tarrytown, N. Y.; and Frank E. Poland, Boston. The guests were Rev. Franklin Gifford, Cambridge, Mass.; William D. Talbot, Portland, and T. J. Sweeney, Rockland.

Only Eight, But Very Happy

Virginia, daughter of Mr. and Mrs. Franklin C. Manning of Brewster street, was eight years old this week and the happy faces in the above group are those of the children who helped her celebrate the event. Left to right, standing: Agnes Sullivan, Alice Fuller, Elaine Christofferson, Lillian Sullivan, Beverly Manning, Lenatrice Nutt, Arlene Cross, Virginia (the hostess) Manning, and Joan Cross. Seated, Bertram Brown, Flora Mae Manning, Justin Cross and Alfreda Perry.

Dr. and Mrs. Donald T. Leigh and daughter Sandra Lyn, formerly of Des Moines, Iowa, have recently moved to 97 Union street, where Dr. Leigh will establish his office. He is a graduate of the Des Moines Still College of Osteopathy & Surgery, and was formerly connected with the Kale Clinic of that city. Dr. Leigh is the son of Rev. and Mrs. A. F. Leigh of Easton, Mass., formerly of Vinalhaven.

Albert E. Hill of Warren has been awarded one of the Normal School Scholarships at the University of Maine for the coming academic year. It was announced from the office of President Arthur A. Hauck recently. Mr. Hill will be a junior in the School of Education; he is a graduate of the Eastern State Normal School at Castine where he was prominent in athletics, the Christian Association and on the staff of the yearbook.

The Garden Club

Former President Mrs. Clarence Beverage, Was the Guest Speaker

The Rockland Garden Club held an interesting meeting Wednesday afternoon, in the beautiful garden of Mrs. F. Stewart Orbeton in West Rockport, with 50 members present. Mrs. Orbeton's garden is one of artistic glory, where the guests spent a pleasant, restful afternoon. New appointments made were: Miss Annie Rhodes, chairman of Junior Nature; Mrs. Putnam P. Bicknell, chairman of Hospital garden; Mrs. H. P. Blodgett, chairman of International Peace garden study; Mrs. Gerald Welch, chairman of publicity. At the close of the business meeting, Mrs. Keryn ap Rice, program leader, presented Mrs. Orbeton, who greeted the members, and read her paper, "My Garden, a realistic creation," which carried her audience into the garden and bird world, brought to her from the wild, where each and every one lived with her interests and achievements.

Mrs. Orbeton introduced Mrs. W. R. Pattangall, chairman of legislative admissions. She touched upon legislation from 1915 up to the present, stating that she enjoyed her work immensely. She stressed the point that community betterment must and could be improved, with the disposing of automobile dumps, billboards, and unsightly places. Mrs. Maine Hills of Belfast related in brief the excellent work and progress made in her vicinity by the enthusiasm and co-operation of citizens. Mrs. Clyde Holmes, vice president of the State Federation, had as her subject the World's Fair and "Garden on Parade." The club members were invited to inspect the wayside shrine and its inside plants designed for the National Garden Clubs by Mrs. Benedict of New Jersey for the Fair.

The guest speaker, Mrs. Clarence S. Beverage, Augusta, formerly of this city was the first president of the local club, and organized it May 21, 1931. Twelve charter members were present at this meeting. Mrs. Beverage is now president of the State Federation of Garden Clubs and said "A lot of work has been done, but nothing compared to what it is going to do." She paid tribute to the Rockland Club for the fine appearance of the public landing, hospital garden and Walter Butler Square.

Mrs. Beverage was presented with a gift by President Leah Fuller, in behalf of the club. I. M. D.

MARTINSVILLE'S RIDGE CHURCH

Drawings Already Made For Structure Which Will Replace It

It is learned on good authority that activities are well underway looking to restoration of the Ridge Church at Martinsville, which was destroyed by fire on May 5.

Preliminary drawings have been prepared by a well known Boston architect who has done considerable high class work in this locality and also at Bowdoin College. The old structure was distinctly of the impressive New England type, and it is contemplated that the new structure will be in the same style and as much like the old church as practicable, that is to say, a rectangular, white, New England church with high spire of as simple, pure and impressive design as can be produced.

It is not expected that the new church will not be as large as the old, as a smaller church will be adequate for the needs of this community.

It will necessarily be some months before reconstruction will actually begin, and it is not intended to be-

ized it May 21, 1931. Twelve charter members were present at this meeting. Mrs. Beverage is now president of the State Federation of Garden Clubs and said "A lot of work has been done, but nothing compared to what it is going to do." She paid tribute to the Rockland Club for the fine appearance of the public landing, hospital garden and Walter Butler Square.

Mrs. Beverage was presented with a gift by President Leah Fuller, in behalf of the club. I. M. D.

NORTH HAVEN

Mrs. Ernest Cripps and son Donald of Canal Zone, Panama are visitors at the home of Mrs. Cripps' brother Irven Simpson.

Mabel Collins and Charlotte Codair of Conn., are guests of Cornelia Staples and Alberta Wallace at the farm at the North Shore.

Mrs. Fred Howard of Portland is visiting her parents, Mr. and Mrs. Harry Whitmore for a few days.

Mrs. Merle Tolman of Vinalhaven was a recent visitor at the home of her daughter Mrs. Joel Wooster.

The Annual Guild sale for the benefit of the Baptist Church will be held Aug. 4 on the parsonage lawn. If stormy the sale will be held in the K. P. dining room.

Rev. D. W. Kimball will be the guest speaker at the Baptist Church Sunday morning and night. The junior choir will sing at the morning service. Services begin at 10:30 Standard Time; evening service at 7:30.

SERMONETTE

Joshua

Hon. W. B. Bankhead, recently wrote of the Dictators: "Until the one-man nations of the world can produce greater military leaders and strategists than Joshua; until they can point within the circle of their own to men who stood closer to God than Moses; until some Aryan is wiser than Solomon, or a sweeter singer of lyrics than David; until they can produce a greater moral philosopher than Jesus Nazareth—then let them beware of asserting that no good can come out of Palestine." In the company of the great among the sons of men Abraham and Moses would be first to rank.

Moses, the superb leader, is dead and it is of Joshua we would speak—Joshua, the son of Nun, Moses' prime minister. God tells him, "Moses my servant is dead; therefore arise, go over this Jordan, thou, and all this people unto the land which I do give them. Every place that the sole of your foot shall tread upon, that I have given unto you as I promised Moses. From the wilderness and this Lebanon, even until the great river the Euphrates, all the land of the Hittites and unto the great sea toward the going down of the sun, shall be your coast. There shall not any man be able to stand before thee all the days of thy life; as I was with Moses, so I will be with thee; I will not fail thee, nor forsake thee. Be strong and of good courage, be thou dismayed; for the Lord thy God is with thee whithersoever thou goest." So God commanded Joshua and so he came to his great task.

What leader could fail with the promise of God to give him courage? For all the days of his life. Be strong and of a good faith for the Lord thy God is with thee. God has promised to do the same for anyone, yet many prefer to walk alone. Come ye unto me, "I will not fail thee, nor forsake thee."

—William A. Holman

At the Congregational Church the service of public worship is at 10:30 and the theme of the sermon by Rev. Corwin H. Olds will be "The Voice and the Way."

At St. Peter's Church (Episcopal) Rev. E. O. Kenyon, rector, the services for tomorrow will be appropriate for the 8th Sunday after Trinity: Matins at 7:10; Holy Communion at 7:30; Holy Eucharist and sermon at 10:30. Vespers will be omitted.

All classes of the Methodist Church school meet at 9:30. Dr. Wilson's topic at 10:30 will be "The Return Of A Lost Son." There will be special music. At 7:30 the pastor will preach from the theme "Mercy Everlasting." There will be no weekday services during August. Sunday services as usual.

"A Clear Understanding" will be the sermon topic by Rev. Charles A. Marsteller at the Littlefield Memorial Church Sunday morning at 10:30. There will be special music. The Church School meets at 11:45 and the Christian Endeavor at 6. There will be a special guest speaker at the evening service at 7:15. There will be a selection by the choir. Prayer meeting Tuesday night at 7:30.

What's In A Name? will be the subject of the sermon at the First Baptist Church Sunday morning at 10:30. Mrs. Gladys Heistad will be the soloist. The church school will meet at noon. The Endeavor's Inspiration Hour will open at 6:30. The people's evening service will

open at 7:30 with the prelude and big sing. Miss Lotte McLaughlin will be the soloist. Lorimer H. Dixon of Waterville will be the organist for the day. This will be the last Sunday before vacation. Guest preachers are to occupy the pulpit during vacation.

"Love" is the subject of the Lesson-Sermon that will be read in all Churches of Christ Scientist July 30. The Golden Text is: "Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life" (Jude 1:21). The citations from the Bible include the following passages: "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4:16).

At the Baptist Church Thursday at 7 o'clock Miss Margaret McKnight, director of rural religious education for Knox County, will conduct a children's service to which interested adults are invited.

Mr. and Mrs. Earl Tasker and daughter Barbara of Bradford were overnight guests last Saturday of Mr. and Mrs. F. L. Hunter.

Mr. and Mrs. Walno Lehtinen and family of Pithburg spent a few days this week with his mother, Mrs. Ida Lehtinen and sister Mrs. Einar Heino.

Recent callers on Mrs. Florence Bolduc were her aunts, Mrs. Charles Philbrick, Mrs. Ethel Philbrick of Lewiston and Mrs. Morris Chase of Boston.

Lamb Will Be Pet!

Carroll Martin of Warren who was made happy by being the winner from Knox County in the Maine lamb contest.

Carroll Martin, 11-year-old son of Mr. and Mrs. George Martin of this town, was happy winner of the Maine lamb, in a letter contest, "Why I Would Like to Have a Lamb" sponsored by Frank P. Washburn, Commissioner of Agriculture, his letter judged the best among the 300 replies from Knox County. The text of his letter struck a note of thrift, which in these days of riotous spending, hearken back to the old New England spirit. He pointed out that he was interested in sheep as his grandfather Waltz used to have a herd and that his great grandfather William Waltz was in the habit of giving a ewe lamb to each of his grandchildren as their present at birth. The money from lambs born subsequently to this ewe, came in handy during the childhood of those children, even though at times there was rivalry among them because occasionally someone's sheep would give birth to twin lambs, thus giving that certain child advantage.

Carroll Martin will be a member of the Sixth Grade when schools open this fall. He is becoming greatly interested in 4-H Club work also.

REALM OF MUSIC

by Gladys St. Clair Heistad

It is with pleasure that we greet the announcement of the annual concert at the Warren Baptist Church on Friday, Aug. 18—the first named date, Aug. 17, having been changed not to conflict with the Legion Fair in Thomaston. Again that gifted young man, Chester O. Wyllie, will be in charge, and direct the chorus choir in two selections—The Hallelujah Chorus from The Messiah, and "Unfold Ye Portals" from Gounod's "Redemption." The choir members of the Warren Church will be assisted by singers from Rockland, Thomaston, and other Knox County towns, also by some of the summer visitors in Warren. A feature will be The Knox County Men's Chorus under the direction of its own leader, S. T. Constantine, and of particular interest is the announcement that Francis Havenner, talented Rockland baritone who has just completed two years' study at The Peabody Conservatory of Music under Frank Bibb, will be heard in a group of solos, and Miss Beatrice Haskell, a Warren girl, who is making a brilliant record in violin study. There will also be other programmed numbers, to be announced later. In the meantime, mark the date, Aug. 18, in red on your calendar and plan to be "among those present" that evening—both to lend support to Mr. Wyllie in his notably fine undertaking and to hear a very worthwhile concert.

Among the renowned musicians summering in Rockport and Camden is Victor Polatschek, solo clarinetist of the Boston Symphony Orchestra, whom I had the pleasure of hearing in the Bowdoin College concert on April 20. Having met Mr. Polatschek recently and becoming charmed by his quiet dignity and polished manner, I was reminded to turn to the delightful Boston Symphony Orchestra record prepared by Jerome Brush in 1936—crayon portraits done with such sympathy that the individuality of the one hundred and nine members of the orchestra is brought out with striking naturalness, and accompanied by bits of personal history. In this record I found this about Mr. Polatschek:

"Vienna is baroque, Mr. Victor Polatschek is not. There is something too frank and quiet about him to denote the city man.

"He has travelled almost every where, and served in the Army during the World War. But most of his life has been spent in Vienna—the city of black coffee and music. When he is not playing the clarinet he is reading. I don't mean music—he consumes literature like a McCormick reaper and binder.

"There are times in music when every instrument but one is stilled and that one instrument carries on alone. Everything is expected of it by conductor and audience alike. The clarinet is temperamental, so the player must not be. It is the 60th measure of the allegro of Der Preischutz. On the beat, clear as crystal 'sol' and then 'mi-benol,' must be waited over the audience. That is when the Boston Symphony Orchestra, Inc., is paging the stolid and dependable Mr. Polatschek."

Mana-Zucca has composed more than 600 works, but probably no one of them is more used by musicians from the greatest to the least than "I Love Life." Those who know Mana-Zucca say this is characteristic of her, that the phrase symbolizes her spirit, for she does love life. She loves music, friends, family, air, sunshine, spacious rooms, colorful foods—they are essentials to her, to feed her vital and creative mind. She began her musical career as a child prodigy, appearing as guest pianist with the New York Philharmonic at the age of eight years. Later she made her debut abroad, and Europe became the setting of many triumphs. Sooner or later it was discovered that the young American had a voice, and before long she began starring in light opera, such as Franz Lehár's comic operas. During the war she concentrated on composing songs, and soon all types of composition were fairly leaping from her pen. She has even made arrangements for famous jazz-band leaders. Today Mana-Zucca is absorbed in music interpreting our modern age. Her latest piece of work is a musical suite inspired by a grapefruit cannery. Her description is this:

"It starts off with the workers singing as they prepare loam for the planting. Then there is the growth of the trees, followed by the flowering that fills the air with a sweetness. At the factory itself, everything is light and fresh, and there are still the workmen singing as they tend the almost-human machinery, that can pluck out the

grapefruit sections, boil them, can them, and cover them. So, in my score there is the music of those almost-human mechanical hands. And there is the humming of the machinery running like a rhythm through the whole suite."

Incidentally Mana-Zucca is particularly fond of both grapefruit and oranges, and here is one of her pet recipes using oranges:

Orange Sweet Potatoes
Three cups hot mashed Sweet Potatoes, 1-2 cup Orange Juice, 1-4 cup Malted Butter, Salt and Pepper. 2 large oranges, pimiento.

Method: Combine sweet potatoes, orange juice, butter and seasonings to taste. Beat until light. Cut oranges in half crosswise, scoop out centers, and fill shells with sweet potato mixture. Brown lightly in hot oven (400-deg.) Garnish with pimiento and serve at once. Yield: 4 portions.

.....

At the Curtis String Quartet concert last Sunday, when listening to the exquisite playing of the slow movement of Beethoven's Quartet, opus 136, played in memory of the late Mrs. T. S. Elliott, I was reminded of a clipping I have saved over a few years, telling of the discovery of the grave of Beethoven's mother by Prof. Knickner, head of the Beethoven House in Bonn.

In the Old Cemetery in the city on the Rhine where the great composer was born. The press announced at the time of the discovery:

"Maria Magdalena Beethoven, was born at Keverich, and died of tuberculosis on July 17, 1787, at the age of forty. Her son Ludwig was then only seventeen. The inscription on the gravestone disintegrated under the influence of the weather. The stone itself was finally removed, and the grave forgotten. The Old Cemetery, which lies in the center of Bonn, was closed altogether in 1884."

The finding of the grave was due to Heinrich Baum, a Bonn writer, who is a great-grandson of a Frau Baum who was Beethoven's godmother. In his youth his school class was often conducted to this cemetery, where many distinguished persons are buried. He remembered that a slab of sandstone bearing the name of Beethoven's mother had stood over a grave near the cemetery entrance, not far from the tomb of von Schiller's wife. He recalled also that another small slab at the foot of the grave had borne the Italian name Matari, that of a clergyman who had been buried there in 1826.

Up to that time no record had been kept of burials, but in that year the administration of Bonn came into the hands of Prussia, and from then on accurate lists were available. It was thus possible to establish exactly the site of Matari's grave, even though the tombstone had been removed. In earlier days, when Bonn was ruled by an elector and did not belong to Prussia, graves were dug much deeper than was the case later and hence, if Herr Baum was right in his location, two skeletons should be found there, one below the other. If the lower one was that of a woman, it could safely be assumed that it was that of Beethoven's mother. The Beethoven House summoned Prof. Wagenschell of the University of Bonn, anatomist and anthropologist, to be present at the opening of the grave. At a depth of about 5 1/2 feet a man's remains were found, and a foot and a half deeper a female skeleton. All attendant circumstances made it certain that the last resting place of the great composer's mother had been found.

It was the plan at that time, to restore the grave to its original condition and erect a tombstone, the city of Bonn to care for the grave in perpetuity.

The oldest of the many autograph letters of Beethoven in the possession of the Beethoven House was written by the youth immediately after his mother's death: "She was such a good, dear mother, my best friend," he wrote. "Nobody could be happier than I when I could speak the dear name 'mother'—and she heard me."

The above information is from Musical Courier.

The day descends, and I behold The beauty of gulls' wings over me. The wild light spreads; the wind grows cold And alofts the headland's lonely tree.

In clouds of amethyst and gold, The evening lies upon the sea; On salty wind, the sea-birds fold Their slow-cut arcs in ecstasy.

Miss Shirley Elwell of Unity is visiting her cousin Thelma Olsen. Chief Bradford of the U. S. Naval Station and his men have built a fine new tennis court.

Mrs. Bradford and daughters have returned from two weeks' vacation in Pennsylvania.

Mr. and Mrs. C. A. Fisher of Fairfield, Conn., have been guests of her mother, Mrs. E. D. Elliot. Mr. Fisher has returned home and Mrs. Fisher and daughters Muriel and Marlene will stay till Aug. 1.

Mrs. Elliot, and the Fisher family have enjoyed a few days at Kilmall Lake, N. H., visiting in Manchester on the way home. A fine lobster feed and all the good things that go with it were much enjoyed by these guests. Rev. and Mrs. Jack Elliot and daughter Martha, Dr. and Mrs. Baxter and daughter Mrs. C. A. Fisher and daughters Marlene and Muriel, and Mr. and Mrs. Noel Persche of Columbus, Ohio.

S. H. Whitney and E. D. Elliot were guests of Jack E. Elliot on a drive Tuesday spending the day with Dr. Patton of Glen Ridge, N. J., at his summer home at Five Islands. They also called on Dr. and Mrs. Barker at Sprucewood, Boothbay Harbor.

Mrs. Elliot and Mrs. Fisher recently visited Mr. and Mrs. Winfield Ramsdell.

Mr. and Mrs. John Olsen and Selma with their guest Shirley Elwell enjoyed a picnic and ride Wednesday.

Mrs. Elliot, Mrs. Fisher and children spent a delightful day Tuesday at the cottage of Capt. Paulingham at Panther Pond with Mrs. Paulingham and Barbara Paulingham.

Miss Yvonne Davis of Millbridge is spending the summer vacation with Mr. and Mrs. H. A. Ball.

Miss Louise Pomelom of Brownville, was guest of Miss Dorothy Fletcher for two weeks.

Mrs. Roscoe Fletcher was recently called to Millo by the death of her nephew's wife, Mrs. Franklin Perkins.

We had as guests for three days recently seven women from the Audubon Nature Camp at Medomak.

Mr. and Mrs. W. E. Thompson and family left July 13 on a three week's vacation.

Additional Keeper A. F. Osgood arrived July 18 at this station.

The Coast Guard has installed a new telephone for us, which we deeply appreciate.

We have been fortunate in having fewer mosquitoes this summer than last. We are keeping our fingers crossed for some more of the grand weather which we have been greatly enjoying this week.

Sighing off with best regards to all along the coast.

Saddleback Ledge

After enjoying a leave of absence in Lubec, I am again at my post.

Before going Down East, I called on Dr. V. H. Shields of Vinalhaven for a general overhauling. He found I lacked pep, had a slight twist to port and needed a few other minor repairs. He gave me some dark looking liquid and some yellow pills and I am happy to say that I had not been home two days before I was on an even keel and full of pep.

While in Lubec, I called at West Woody Head Light to see Keeper Harrabee. Assistant Keeper Gray has on leave and Earl Webster was substituting for him.

Arthur Marston called on me before he left for new duties at Pettit Island as second assistant keeper, there being no other vacancy at that time.

Assistant Keeper Ashby is still aring for Channel Light but will shortly leave to begin duty as additional keeper until a vacancy occurs for him.

I met Maynard O'Brien of White Head Coast Guard Station who was on leave in Lubec. Merrill

Minzy of the Burnt Island Coast Guard Station was another friend whom I met.

While home I attended church services several times and still have a very pious feeling.

On return I was accompanied by George Wallace, Eugene Davidson, Mrs. Hannah Woodward and Mrs. Wells as far as Rockland. Enroute we saw several deer which appeared very tame.

Alamander Alley is on leave at Beals Island. Mrs. Alley visited this station a few days while I was vacationing.

Fishing in the vicinity of the Light is, to say the least, bum.

The boat, Gerald S. of South Brooksville had fishing parties near the Light three days this week. They gave us all the left-over bait.

We have had several parties of summer visitors at the Light recently and a party of 20 today.

Good luck to all Keepers and Coast Guard men.

Dear Coast Guardsmen and friends: I have not had time to do much letter writing since the last of May. Thomas Flanagan has been here parts of four weeks putting in the electric wires for our lights and July 17, "Tom" pulled the switch. Mr. Sampson was with him. Poole tried out her Electrolux before they left and she is some happy. We have had waffles for breakfast ever since.

Miss Grace McIntire returned home yesterday after spending a week's vacation with us. She brought Mrs. Mary P. Ingham of Bath who will spend the rest of the summer here.

Alfred E. Bowler of Arlington is spending a vacation with us.

Recent guests at this station were Mrs. Emily W. Howe of McKinley who used to live here and who was married in the front room; Mrs. Ernest L. Cooper of Arlington; Mrs. Mabel P. Robinson of Bowdoinham; Mrs. Marion L. Wilkins of Cambridge; Lester Coles of Somerville; Mr. and Mrs. Harold L. Whitcomb and Mr. and Mrs. David Smith of Somerville.

Our flower garden looks very well.

Mrs. Coleman spent a day in Portland recently and called at the home of Mrs. Charles L. Knight, enjoying her visit very much.

Mr. and Mrs. Foss of Goat Island called to see us while the Coast Guard men were blasting to put in the new telephone-electric light poles. We were glad to see them. We also met on the Point Mrs. Carl Newcomb and her mother Mrs. Robinson. For years had been acquainted with their sister and daughter Mrs. Walter E. Sprague of Poppon.

Mr. and Mrs. Henry E. Leonard and children Betty, Kenneth and Charles of the Kennebec Coast Guard Station were recent overnight guests at The Nubble. Mr. Leonard's father is my half-brother.

The heat wave here last Tuesday made us believe summer had officially arrived.

R. T. Sterling and W. R. Hilt were riding Wednesday afternoon.

Dog days have started and seem to draw in some fog.

The usual picnic crowd gathered Sunday for the first outdoor picnic.

Robert Toothaker and Miss Mary Toothaker of Brunswick called Tuesday on R. T. Sterling.

Keeper Meyers of Ram Island Ledge called here recently.

Mrs. R. T. Sterling entertained dinner guests Monday night. In the party were Mr. and Mrs. Walker daughter Jane of Portland and Miss Mildred Burns of Johnston, Pa.

F. O. Hilt took Mrs. Hilt, Mrs. R. T. Sterling and Mrs. W. C. Dow on a motor ride Tuesday afternoon. They called on Mrs. Burrell, Mrs. Thomas, Mrs. Soule and Mrs. Robertson of Portland.

Mrs. Mary Robinson of South Portland formerly of Monhegan where she lived at the Light Station on Lighthouse Hill, called on us Wednesday last week. Mrs. Robinson's friends will be glad to learn she is in good health and spends her time travelling. She is visiting her daughter in South Portland.

Miss Jane Walker and her guest Miss Mildred Burns were overnight guests Tuesday at the home of R. T. Sterling. The girls came out from Portland to escape the heat and this was their first attempt at trying to sleep with the fog signal operating. They didn't miss a blast for the night and decided they prefer the heat. Next time they sleep, or try to sleep, at a Light station there won't be any fog or rather any fog horn.

We've always believed the small touches in food in decoration, perhaps even in a pattern of living made for charm and distinction as against lavish, costly and time-consuming measures. So wherever we find clever people creating an atmosphere with reasonably economical means out comes the note book so their devices may be passed on to you.

In a great breezed-swept house on a hill in Brewster, Len and "Millie" Latham of Wellesley Country Club fame have achieved things. The right wall papers being costly, they've painted their walls... one room in a faintly amethyst gray, one in leaf green and one in a lovely old blue. In the dining room with the green walls they've used blonde wood furniture, a flowered chintz in red and green and an old settee painted red. In another room with white walls there's a white chintz patterned thickly in ivy with Italian bottles for the mantle decoration... cool and fresh and charming. Will Davis' water colors in every room lend the right country-house note.

Listen to two of the Latham's inspirations in good eating. A wild rice ring filled with string beans and mushrooms in real cream and a chocolate mint parfait which is, as you would probably gather, chocolate ice cream alternating with mint syrup and whipped cream in parfait glasses.

Hostesses down the Cape have gone for the salad-plus-sandwich plate for summer parties and a well done combination is as pretty as a picture and practical as a red-checked gingham apron. For instance, peaches, halved and stuffed with a mixture of cream cheese thinned with light cream and mixed with chopped preserved ginger, the two halves put together and fresh raspberries and cherries for garnish.

Garnish with ripe olives, water-cress and mayonnaise and serve gingerbread or brown bread and butter sandwiches on the same plate. A Chef's Salad Mixture at another party held marinated lima beans, carrots, celery, and narrow strips of tongue served with Russian dressing and the finger-sand-

THE COUNTRY DOCTOR
[For The Courier-Gazette]
Like knight of old in shining armor,
Horse and buggy for his steed,
Did the dear old country doctor
Haste to succor every need.

He was Healer, Friend, Advisor,
Throughout all the country side;
Wind or weather never stayed him,
From mercy's errands, far and wide.

Many was the wan young mother
That he led through vale of shade,
And when her travail was ended,
In her arms her treasure laid.

Many times at bed of fever,
Night long vigil did he keep,
Till at last the crisis o'er,
Patient sank to restful sleep.

At times all his skill and knowledge
Could not hold grim Death at bay—
And a soul would slip its moorings,
Quickly, gently sail away.

The dear, old country doctor,
Always near, at death and birth,
Easer of all pains and ills—
Grand old soul sail of the earth!

Musical "Reunion"

Curtis String Quartet To Celebrate 10th Anniversary At Bar Harbor

Exactly 10 years ago this week, the famed Curtis String Quartet gave its first concert on Mt. Desert Island, sponsored by Mrs. Samuel S. Fels, who gave a tea for the artists following the performance. Mrs. Mary Louise Curtis Bok, patroness of the Quartet, was there on her father's famous yacht the Lyndonia to wish her proteges good luck and Mme. Olga Samaroff Stokowski poured the tea.

The same group will gather at Mrs. Fels' Seal Harbor home Monday afternoon to celebrate the Quartet's tenth anniversary in Maine and the inauguration of its first Bar Harbor Festival of Chamber Music. The "reunion" will be attended by members of the newly formed "Association of Friends of the Curtis String Quartet" who are sponsoring the Chamber Music Festival, the first concert of which takes place that afternoon at the Bar Harbor Building of Arts.

Many of the outstanding social and musical names of Bar Harbor, Seal Harbor, Southwest Harbor, Rockport, Hancock Point and Sorrento, are members of the Association, including: Prof. and Mrs. John C. Adams, Clifford Barnes, Mrs. Mary Louise Curtis Bok, Mr. and Mrs. James Boyd, Mrs. Roscoe C. F. Brown, Mrs. Horace Bullock, Mr. and Mrs. James Byrne, Mrs. Morris Clothier, Mrs. Ladovich F. GREGORY-WHITEHOUSE

A wedding of much interest to Farmington and Rockland friends is that of Miss Thelma Ruth Whitehouse, only daughter of Mr. and Mrs. Ralph Whitehouse of 11 Bunker street to Carlton Herbert Gregory, son of Mr. and Mrs. William L. Gregory of Rockland, which took place at the home of the bride's parents Thursday at 12:30 o'clock.

The double ring service was performed in the living room under a beautiful floral arch by a pastor friend of the contracting parties, Rev. J. Charles MacDonald of Rockland, Me. The bride was attended by her former classmate at Providence Bible Institute, Miss Viola Miller of Laconia, N. H., and the groom by his chum Kenneth Hooper of Rockland.

Preceding the ceremony two contralto solos "Fairest Lord Jesus" and "I Love You Truly" were sung by the bridesmaid, well known to radio audiences through her auditions from Laconia broadcasting studios. Her accompanist was Mrs. Dorothy Willson, violinist. The bride was charming in a gown of white silk marquisette and white silk mull train-veil caught up with a crescent of rosebuds and brilliants. The wedding traditions of this old veil were admirably carried on by this bride, she carried a bouquet of white roses and baby's breath.

An informal reception immediately followed. Refreshments were in charge of Mrs. Arthur Hayes. The gifts which were many and beautiful were in charge of Miss Joyce Whitford of Wakefield, R. I.

Showering her bouquet on the lingering guests, the bride and groom escaped through an avenue of waiting friends and relatives who covered them with rice and confetti to enjoy a week of honeymoon at an island cottage of the coast of Maine. The bride's mother wore rose silk. The bridegroom's mother was gowned in old rose lace with corsage of sweet peas and baby's breath.

The bride is a graduate of Rockland High School, class of 1936, and Providence Bible Institute. The groom also enjoys the same academic distinctions. The associations of this romance date back to grammar school days.

Mr. Gregory has a pastorate at the "Knotty Oaks" Baptist Church in Anthony, R. I., and expects to pursue higher education at Brown University. The couple will live in Anthony, where the good wishes of many friends accompany them, and where Mrs. Gregory will be associated with her husband in young people's church and parish work.—From Farmington (N. H.) Exchange.

Rose Marshall of South Warren comments thus delightfully: "In reading of 'The Bells of Rockland' my mind reverted to a tale of olden days when my great-grandfather who was impressed into the service of his country in Scotland and came with his troop to Bar Harbor where he deserted and made his way to Warren to the farm of a Crawford and was hidden by him for three days in his barn until the search was over. He later married Elizabeth Robinson and settled on a farm near Crawford's whose wife was his cousin. Later he became the first deacon of the Baptist Church here and said the church bells always said to him, 'Be faithful, be faithful.' In telling this story to a small boy in school some years ago, the boy straightened his shoulders and threw back his head and said, 'Bap-tist, Bap-tist.' STEAMBOAT DAYS

The most graceful in appearance of all the sidewheel steamers that once plied Penobscot waters was S.S. City of Richmond, pictured above. And Richmond was the fleetest of all the boats of her day, not excepting even the Boston and Bangor ships. She plied the Portland, Rockland and Bar Harbor route and on more than one occasion was among her crew were able to wave a tow rope to the mighty Cambridge when their runs happened to coincide.

It was the phenomenal speed that piled Richmond up on the southward end of Mark Island on the foggy morning of Aug. 30, 1881. Capt. Dennison had run 22 of his allotted 25 minutes when the spindle suddenly loomed under his

forefoot and a minute later the ship was a wreck. Passengers were landed on the island, 200 feet away with no trouble. J. P. Wise of Rockland, agent for the Vinalhaven line, sent steamers Pioneer and Henry Morrison and the schooner Hunter to the rescue and they were joined by the little steamer Planet of Camden, bringing all passengers, baggage and most of the freight back in safety. My maternal grandmother was a passenger on the Richmond on that memorable trip. It will be interesting if any others are reported.

Oliver B. Lovejoy was deck boy on the Morrison at that time and clearly recalls the rescue. One of the crosses the steamboat editor has to bear is his inability to locate a photograph of this Henry Morrison about which so many weird

stories are told, some of which will be recounted in this column when and if some kind-hearted friend locates a picture of the little sidewheeler.

The second part of this "before and after" history of the City of Richmond shows the wreck grounded out near Commercial wharf, not far from the present McLoon privilege. Her houses and upper works are carried away and the hull was much more seriously damaged than was thought. They had McGinty's own time floating the craft and it was only after six attempts that she was finally taken to the South Marine Railway for patching up preparatory to being towed to Portland. General Tillson's steam sloop Island Belle removed the walking beam, smokestack and boilers from

the wreck, assisted by the well remembered Bangor tug Ralph Ross, whose bones now lie in Belfast. City of Richmond was built in Athens, N. Y., in 1865, was of 875 gross tons and 350 horse power. She was 227.5 feet long and 30.6 foot beam. A comparison with our own side-wheeler J. T. Morse presents an interesting angle. The Morse was 28.5 feet shorter than Richmond, carried inches more beam, yet was of 639 indicated horse power.

An interested co-operator in "Steamboat Days" is the ever courteous Deputy Collector of Customs Seth Atwell. An enthusiast in all marine matters, Mr. Atwell has been kind enough to say that he considers this series a distinctly valuable contribution to local history.

Tillson's Wharf buildings are shown in the background, though not complete as they are today.

Any friend of this newspaper or of this column having a copy of the Department of Commerce listing of merchant vessels, of any year whatsoever, willing to lend it, will do a great favor. The only book in hand is that of 1924. This feature will probably continue several months.

From W. S. Roberts of Reading, Mass., comes an amazingly good picture of the City of Bangor at Lobster Cove which will appear in due time. Mr. Roberts has our thanks for a number of other excellent photographs including recently the tug Bismark, well known a few decades ago.

A Cinderella Frock

There no doubt about it; the movies supply plenty of inspiration for daughter's frocks, as well as mother's! For example, it was Shirley Temple's latest hit, "Suzannah of the Mounties" that gave the designer the idea for this attractive Cinderella Frock.

It's of fine Shantung with a checked broadcloth top and a separate jacket with embroidered pockets. Shirley Temple herself wins the hearts of the Canadian Mounties in the picture. In an outfit very much like this.

It comes in sizes 7 to 14, and just as attractive are the matching little sister styles in sizes 3 to 6 1/2.

MOUNTAIN RAPTURE

High perched he stands where silver mountain waters curl Through fern-clad wooded dells. Arrested by the sun-clouds Brilliant, changing as floating in azure haze the Night o'er takes the day.

Home, he pays to crags Of lichen covered beauty In ecstasy his heart thrills As feathery clouds surround His perch so near to heaven. Twinkling stars peer through To light his footsteps wary. As down the mountain steep He treads his tortuous way "Strength was given," he pants "To mount these temple grandeur." Opening dimmed eyes to omnipotent's Lavish hand.

MAINE WEATHER

For The Courier-Gazette When day dawns the sun is shining Everything seems bright and clear. Housewife bustling with their duties Never dream a storm is near.

Pack a basket full of goodies. Plan a picnic on the shore. Start to leave their home so happy Then it just begins to pour.

All at once it's dark and silent. All the air a stillness holds. Lightning shades down by the mountain tains.

Then the distant thunder rolls. After having had the shower Setting picnic plans agog. Then the weather calmly settles In a two or three days' fog.

Tourists should not feel too badly If the sights they cannot see. One thing they are surely getting— Lightning, fog and thunder free.
